

Amendment to the Claims:

Please enter the following amendment.

1. (Previously amended) A drug product, comprising:
a drug formulation comprising a mixture of at least a drug and a HFA propellant;
a pressurized container filled with said drug formulation;
a flexible package being adapted to sealably receive said pressurized container; and
a moisture absorbing material disposed within said flexible package.
2. (Previously Amended) The drug product of Claim 1, wherein said pressurized container is a component of a metered dose inhaler.
3. (Previously Amended) The drug product of Claim 1, wherein said drug comprises albuterol sulphate.
4. (Previously Amended) The drug product of Claim 3, wherein said HFA propellant comprises HFA-134a.
5. (Previously Amended) The drug product of Claim 2, wherein said moisture absorbing material comprises a desiccant.
6. (Currently Amended) The drug product of Claim 5, wherein said desiccant comprises a material selected from the group consisting of nylon, silica gel, zeolite, alumina, bauxite, anhydrous calcium sulphate, activated bentonite clay, water absorbing clay, molecular sieve, and contributions combinations thereof.

7. (Previously Amended) The drug product of Claim 6, wherein said desiccant is a nylon mesh sachet.

8. (Previously Amended) The drug product of Claim 7, wherein said nylon mesh sachet is loose within said flexible package.

9. (Previously Amended) The drug product of Claim 7, wherein said nylon mesh sachet is fixedly attached to said flexible package.

10. (Previously Amended) The drug product of Claim 6, wherein said desiccant is in the form of granules or beads suitably large in size to avoid clogging a valve in said metered dose inhaler.

12. (Previously Amended) The drug product of Claim 1, wherein said drug comprises fluticasone propionate or a solvate thereof.

13. (Previously Amended) The drug product of Claim 1, wherein said drug comprises beclomethasone dipropionate or a solvate thereof.

14. (Previously Amended) The drug product of Claim 1, wherein said drug comprises a salt, ester or solvate of salmeterol.

15. (Previously Amended) The drug product of Claim 1, wherein said drug comprises a combination of a salt, ester or solvate of salmeterol and a salt, ester or solvate of ipratropium.

16. (Previously Amended) The drug product of Claim 1, wherein said drug comprises a combination of fluticasone propionate or a solvate thereof and a salt, ester or solvate of salmeterol.
